# Peter Seppelt & Grand Cru Estate

- Peter and Roz Seppelt are the 5th generation Seppelt to continue the winemaking tradition. For 33 years Peter has been working and developing the property and its 120 hectares here at Grand Cru Estate. From 2006 Peter and wife Roz purchased the property from the family to take it to its grandeur seen today.
- It is a premier wedding venue... Has delicious wood over pizza and had boutique accommodation.
- Roz is also a qualified agronomist, coordinates the events, caters and runs the sheep, farm and vineyards (Peter makes the wine!). PS She is also an avid event rider!
