

EXPRESSION OF INTEREST

EDEN VALLEY WATER PLANNING

Expression of interest details

Name _____

Contact person _____

Phone _____

Email _____

Property location address: _____ or Lot /Plan _____

Please provide a sketch drawing of the property with this form, indicating preferred connection point (please include north arrow and road names) (include GPS coordinates if known).

Existing and proposed water use

- Do you have a current SA Water potable water supply? (yes / no)
Is this a primary or back-up supply? _____
- Do you currently access SA Mains water in the off-peak period between 1 May and 31 October? (yes / no) _____ (volume ML)
- Would you consider switching to an alternative source of water for irrigation? (yes / no)
Would you consider switching if it was raw water only (not potable)? (yes / no)
- What existing licensed water sources do you have? And what is the volume of each?

Dam	ML	_____
Bore	ML	_____
SA Water off-peak product	ML	_____
Marne Saunders catchment	ML	_____
North Para catchment	ML	_____
Other	ML	_____
- Would you be prepared to return some or all existing licensed water sources to the environment in exchange for funding to upgrade existing on-farm infrastructure or contribution to a future water scheme? If so, how much as a % of each source?

Dam	%	_____
Bore	%	_____
SA Water off-peak product	%	_____
Marne Saunders catchment	%	_____
North Para catchment	%	_____
Other	%	_____

EXPRESSION OF INTEREST

- If a new water scheme was available, what would be your requirements?
Minimum _____ Max _____ ML/yr
- Would you be willing to enter into a long-term contract for delivery of a permanent supply of water? (yes / no). If yes, please specify how long? _____ years.
- Please indicate your timeline for water delivery by placing the total ML requirement against each year after scheme initialisation:
Year 1 _____ Year 2 _____ Year 3 _____ Year 4 _____ M/L
- Is the timing of water delivery important (ie. seasonal demand)? yes / no
- Is flow rate important? (yes / no) If yes, why? _____
- What flow rate in m head or l/sec do you require? _____
- What pressure do you require? (kpa, psi or bar) _____
- What would be a daily minimum volume required in summer? _____ (ML if known)
- Can you, or are you prepared to, only access your water demands in the off-peak period (between 1 May and 31 October each year)? (yes / no)
- Please indicate the monthly demand of your water requirement:

Month	Current water demand (ML)	Additional water demand (ML)
July		
August		
September		
October		
November		
December		
January		
February		
March		
April		
May		
June		

EXPRESSION OF INTEREST

- What are your existing crop types planted and area? (Ha)

- Proposed future crop types, stock water, broad acre irrigation and area (ha), or additional stock numbers _____
- What is your existing on-farm storage capacity? (dam) _____ ML
- If a new water scheme could not supply on-demand water, and additional balance dams or storages were required, how much new storage would you install? _____ ML
- How much water would you provision to storage under a new water scheme? (ie. 1, 3 or 12 months) _____

Business information

- Would a new source of water replace or help expand an existing business? (yes / no)
- Would a new source of water create additional jobs within your current business? (yes / no)
- How many estimated jobs would be created? direct _____ indirect _____
- What types of jobs would be created? _____
