

BIGG Producer Technology Group

1st Meeting: Tuesday 22nd September 9am – 2pm
Lunch included

Hoopman Room, Vine Inn, 14-22 Murray Street, Nuriootpa

The producer technology group will meet 4 times over the next 2 years and help you to set goals, view and trial livestock technology and implement a technology plan for your livestock enterprise.

The program will be tailored to producer's areas of interest and areas which will give you the best return.

Business Goals, targets, and technology plan

Identify key livestock areas of interest

Introduction to technologies; EID, management apps, water and pasture monitoring, soil moisture monitoring

The Red Meat and Wool Growth Program is an initiative of Primary Industries and Regions SA and supported by Meat & Livestock Australia, SA Sheep and Cattle Industry Funds, and SheepConnect SA
