

## BIGG Water Innovations Farm Tour

**Thurs 8<sup>th</sup> June 2023 1.45-5.00 pm**

*Flaxman and Eden Valley*

*This BIGG event will showcase various water supply and monitoring strategies that have been implemented on three farms in the Flaxman and Eden Valley district. These include a desalination plant which has produced optimal water quality for irrigation, an electronic device to monitor tank water levels, a Hydrosmart unit to manage water quality, and the installation of a bore and associated water infrastructure to improve farm water security.*

Time	Itinerary
<b>Meet at "Max and Me": 34 Murray Road, Eden Valley</b>	
1.45-2.30pm	- Welcome & introduction: Jane Evans and Brett Nietschke, BIGG Technical Facilitators - Water quality regulation: Desalination plant, Phil Lehmann "Max and Me"
